COMMENTS/COMENTARIOS: The lieve	moving the	commercial traf	fre to
Tornillo would be a wonder	iful option.	Sauta Teresa and	Zarages

are already congested. Years ago Laredo built a
commercial crossing north of the ocity that had a Evernendous
effect. It provided direct access to I-35 without addring
congestion to the city. Toinillo would provide direct access to
1-10 and remove congestion from the anique traffic
restrictions caused by I-10 squeezing between the
border and the mountains.
- Removing the commorcial crossing othe Bridge of the
Americas would be wonderful for those who live near the
part of entry (health) + wonder to) for I-10 congestion.
- I am all for expanding the capacity of the Bridge of
Americas. In the president of CEO of Casas por Cristo. We build
around 100 homes in Juarez each year for the very poor. That
entails crossing over 2,000 volunteers each year. Anything that
can relieve the wait times to get them back across would
be great.
1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1 1
Non't baild too small- Don't baild for todays volume, baild for the rolume 20-30 yrs. From now.
volume, build for the rolling 20-30 yrs. from now.

COMMENTS/COMENTARIOS:	neighborhood organization	Families Unides del
Chamital and We demand	the removal of com	

	from the Bridge of the Americas. This bridge is the only place
	bridge that is right in the middle of a neighborhood, and this
	bridge was puilt for the residents of these neighborhoods,
	and people of El Paso. We need the trucks off the bridges
	NOW or as soon as possible because the trucks are polluting our
	our. There are a billion studies that show how bad diesel
	formes are for public health, and that it causes cancer,
	heart disease, lung disease, and a lot other diseases.
	NO OTHER BRIDGE BETWEEN US & MEXICO IS
	RIGHT INSIDE A NEIGHBORHOOD AND HAS
	COMMERCIAL TRAFFIC!!! WHY?? BECAUSE
	TRUCKS SIT THERE, IDLING POLLUTING THE
	NEIGHBORHOOD FOR HOURS & HOURS HUNDREDS
	OF THEM! PLEASE REMOVE THE TRUCKS NOW!!

Subject: BOTA EIS Status
To: <karla.carmichael@gsa.gov>

Ms. Carmichael,

I am writing to request information about the status of the EIS as well as information about the studies being used to draft the EIS. What are the titles, authors, and author credentials? We are concerned that the EIS will not take into account the health impact of the pollution caused by commercial vehicles. We would like to know if health experts such as doctors, toxicologists, epidemiologists, and others who understand the serious harm caused by pollution were consulted. We look forward to your response.

Sincerely,

Celia Aguilar

Re: Request for extension of time, Notice-PBS-2023-04; Docket No. 2023-0002; Sequence No. 23

Dear Karla R. Carmichael:

As you know, the public scoping comment period for the Bridge of the Americas (BOTA) Modernization began on December 13, 2023 and ends on January 16, 2024. On behalf of residents of the San Xavier neighborhood in El Paso, Texas, we are requesting an extension of time for two weeks, ending on January 30, 2023. The San Xavier residents live immediately in front of the BOTA.

The scoping comments are critical to the NEPA process because they will inform the necessary analyses for the project's Environmental Impact Statement (EIS). The residents anticipated the Notice of Intent (NOI) in the summer or early Fall. Given the delayed NOI, and the fact that the current timeline is interrupted by the holidays, it will be very difficult for residents of San Xavier to submit comments by the current deadline. A two-week extension will provide a meaningful opportunity for public comment for this major project, which will in turn ensure that GSA has public input and information to inform its EIS at the earlier stages of the NEPA process. At your earliest convenience, please let us know if you will grant this extension.

Respectfully Submitted,

TEXAS RIOGRANDE LEGAL AID, INC. 1331 Texas Ave. El Paso, TX 79901
